POST – STAY, 15TH – 17TH NOVEMBER

SEXTANTIO

FROM THE BEGINNING TO THE CIVILIZATION

A UNESCO World Heritage site since 1993, the Sassi is a stunning and well-preserved example of a village where hundreds of caves were turned into dwellings, churches and palaces: the earliest inhabitants date back to the stone and bronze age. The Sextantio Le Grotte della Civita is placed in the oldest part of the Sassi quarters, the CIVITA, facing the spectacular Murgia park and its rock-hewn churches. It comprises 18 rooms and an ancient church, the "Cripta della Civita", all renovated to retain their original features.

Sextantio has been awarded by The Guardian as "An extraordinary project evokes the story of the buildings and the lives lived in them to spectacular effect".
