

Arctic Bath

Into the Arctic

Step into the stillness of Swedish Lapland with Arctic Bath, where nature, design, and wellness converge.

Delegates are invited for a two-night stay that combines the restorative power of cold bathing in the Lule River, timeless sauna rituals, and nourishing fine dining inspired by the Arctic seasons.

The rhythm of the north encourages a slower pace, creating space to disconnect, recharge, and indulge in mindful luxury. This is an immersive journey into the essence of the Arctic, offering experiences that can be discovered, savoured, and shared.
