

KALESMA MYKONOS

The Soul of Mykonos – Stay with Kalesma

Perched above Ornos Bay, Kalesma Mykonos is a whitewashed sanctuary where Cycladic tradition meets contemporary refinement. Inspired by the spirit of a village, its 48 rooms, suites, and villas — many with private pools — foster a sense of community while preserving intimate seclusion.

Open-air layouts frame 360° views of the Aegean, while local craftsmanship and award-winning design honour the island's storied past. Two main pools invite guests to relax and immerse in the natural rhythm of sun, light, and water.

Culinary delights range from Pere Ubu's refined dining to Kuveda's convivial mezze, finishing with sunset moments at Aloni Sunset Lounge.

Fay Chatzi's handloom atelier offers a hands-on encounter with Mykonian artistry. The spa completes the journey with Dr. Barbara Sturm rituals and separate energy therapies, nurturing body and soul.

More than a retreat, Kalesma is a soulful homecoming to the essence of Mykonos.
