

SINGURENI MANOR

Forest Calm at Singureni Manor

Slow the pace in Romania's quiet forests with two complimentary nights at Paul's Horses and woodland wellness on your doorstep.

Singureni Manor is a cosy 18-room inn set beside the stables at Paul's Horses, where Arabian and Haflinger horses set a calm daily rhythm.

A lobby door leads straight to the stalls, so you can quietly share in grooming and training moments before retreating to nature-inspired rooms with views of the forest canopy.

Chef Alexandru Dumitru cooks a seasonal menu that evolves each month, and days unfold with a forest safari, gentle horse encounters, biking and hiking, guided wildlife observation, yoga on the outdoor platform, hammocks and reading corners, a wood-fired jacuzzi, a hot tub, and a see-through sauna.
