IMMERSO HOTEL ERICEIRA UNPLUG & EXPLORE

Nestled in a green valley above the Atlantic, Immerso is Ericeira's ultimate Do Not Disturb retreat. A Design Hotels member set within Europe's first World Surfing Reserve, it was built around one idea: to make guests truly switch off. Close to Lisbon yet a world away from its pace, this is a place where time slows down, phones lose their urgency, and the agenda is simply the sea, the valley, and whatever feels good.

Guests will spend 3 nights at the property, including a yoga session and full access to Immerso's on-site restaurants. Two days will be dedicated to exploring the surroundings — wine tasting at a nearby winery, the grandeur of Mafra's National Palace, the UNESCO-listed landscapes of Sintra, and the timeless energy of Lisbon, all within easy reach.
