

Cheval Blanc Paris

Escape to the City of Lights

Under the Pont-Neuf flows the Seine. In the heart of the City of Light, a few steps away from the Louvre and the Marais, in front of the Left Bank, rises Cheval Blanc Paris with majesty.

With only 72 rooms and suites, Cheval Blanc Paris is a confidential haven where lovers, families and friends meet. Seize the day overlooking the scenic panorama, bite in a warm croissant just out of the oven, sink into the foam of a delicately scented bath, capture the soul of Paris from your winter garden.

An authentic passion for flavours, a philosophy nurtured by Nature. Culinary art is orchestrated with boldness and creativity in the three restaurants and bars of the Maison.
