for a two-night stay on 11<sup>th</sup> November and experience La Dolce Vita with Mandarin Oriental Exclusive Homes

Dating back to the 17th-century, this beautifully restored masseria sits in over 50 hectares of ancient olive groves and lavender fields. What was once a historic fortified farmhouse is now a luxury retreat finished to the highest standard. The picturesque gardens surrounding the home are complemented by two swimming pools, one of which appears to blend perfectly into the Adriatic Sea beyond. The various terraces and the historic chapel, maintained in all its glory, offer moments of contemplation and calm.
